

SPECIAL CIRCUMSTANCE REQUEST FOR PARENTS FOR 2022-2023

Student Name

NCCC Student ID

The federal government realizes that sometimes families experience changes in circumstance since the completion of the FAFSA. This can include, but is not limited to, a change in marital status, reduction or loss of income, and reduction or loss of benefit. For example, the student may have correctly reported on the FAFSA that the family earned \$50,000 in adjusted gross income (AGI). However, since then there has been parental job change and the family AGI is now \$30,000 instead of \$50,000.

This form allows parents to request a change in the parent data reported on the FAFSA based upon changes in parent circumstances since the FAFSA completion date. Parents can only request changes that remain in effect during the 2022 calendar year: between January 1, 2022 through December 31, 2022.

If this Special Circumstance is approved, the Financial Aid Office will update the FAFSA with the new data. Depending upon the magnitude of the change, this may or may not impact financial aid programs.

PARENT INSTRUCTIONS

1. Complete **Section A** if the parent change in circumstance is based upon one of the following:
 - **Reduction or loss of income** since the FAFSA completion date (ex. retirement, unemployment, job change, bankruptcy, illness, death in family, etc.)
 - **Reduction or loss of benefits** since the FAFSA completion date (ex. benefit loss or reduction due to child support, unemployment, alimony, retirements, disability, etc.)
2. Complete **Section B** if the parent change in circumstance is based upon any other reason.

2. In order to update the FAFSA, we need to project parent income for the 2021 calendar year based upon the new circumstances. In the table below, report the parent wages earned from work before today and the expected or estimated wages for the remainder of the year. For example, if a job change has occurred, report parent wages earned as of today and then estimate any unemployment compensation or additional wages that are expected to be earned until December 31, 2021.

Leave no spaces blank, enter zeros when appropriate.

3. In order to update the FAFSA, we also need to estimate any other parent taxable income and parent nontaxable income for the 2022 calendar year. In the tables below, report the amounts for each item for the entire 2022 calendar year: January 1, 2022 to December 31, 2022. This includes any actual amounts received so far this year plus any estimated amounts for the remainder of the calendar year. For example, the parent would report the total of all alimony payments received to date this year plus the estimated alimony payments that are expected to be received for the remainder of the year.

Leave no spaces blank, **enter zeros** when appropriate.
