News and updates for North Country Community College students

VOL. 3, NO. 1

2.1.2021

## Welcome to the Spring 2021 semester!

The college has been busy preparing for the return of our students. We've missed you!

While most classes will continue to be held in remote setting, that hasn't dulled the excitement of our faculty and staff for the start of the semester. Take a minute to check out our [Spring 2021 Welcome Video](#) and you'll see what we mean.

On behalf of all our faculty and staff, we wish you success. As President Keegan says in the video, please know that we are just a phone call, text, email or chat away should you have any questions or concerns as the semester advances.

Whether you're new to the college community or a returning student, thank you for choosing North Country!

## Can I come to campus? Do I need to be tested? What's the plan?

Most Spring 2021 classes will be conducted in an online format, but there are a few programs that will have an on-campus component. Students in these programs will have to follow a series of screening, testing and mask wearing/social distancing protocols in order to be on campus.

These and other students may also make appointments to come to campus, to use the Learning Assistance Center or library, for example, but only after Feb. 16, and only following the same protocols.

For more information, check out the college's [Plan for the Spring 2021 semester](#) on our website. Here, you'll find an easy-to-read synopsis of our protocols and guidelines, as well as a full version of the plan.

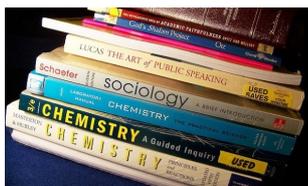

This page also includes links to screening and attestation forms, along with details on orientation, student life activities and the sanctions for violating our COVID protocols.
