

## Emergency Funding Available for Eligible Students

Need help paying for basic needs due to the COVID-19 crisis? The college may be able to help.

If you are experiencing a one-time financial emergency that might prevent you from completing your education, you can [submit an application for Student Emergency Funding](#).

There are three different funding sources available to students, some of which may require repayment. Eligibility will be determined after an application is submitted and may vary based upon the funding source. You may be asked to produce documents that demonstrate an emergency and a need for these funds.

Examples of eligible expenses include utilities, housing/rent, food, medical and child care expenses. For more information, and an application link, [visit our website](#).

## Ready to Vote? Still Need to Register? There's still time!

The election is just over a month away, but [it's not too late to register to vote](#).

The college has compiled tons of resources on voter registration procedures, information and forms. Not sure if you're registered to vote? Want to request an absentee ballot? Not sure where your polling place is located? Can you vote early? Who is going to be on the ballot? [We can answer all those questions, and more](#).

But don't wait much longer. The deadline to register in New York is Oct. 9. The deadline to request an absentee ballot is Nov. 2.

Remember: It's important for college students to vote because many of the issues that impact you—education, employment, the environment—are directly impacted by elected officials.
